Marketing

Envision all you can do.

37.5-inch WQHD+ curved monitor featuring InfinityEdge. Immersive views and incredible visuals mean fewer distractions and improved multitasking.

- You'll be inspired to do more: With a near-complete field view and a panoramic screen experience, you'll be pleasantly immersed in whatever you're working on.

- Consistent Color. Incredible detail: Expect sRGB color calibration and ComfortView on a curved display with WQHD+ resolution.

- Multitask like a pro: With features like Dell Easy Arrange, Picture-in-Picture and Picture-by-Picture, you can customize your display to manage multiple projects at once.

You'll be inspired to do more.

The expansiveness of this 37.5-inch curved screen paired with virtually borderless InfinityEdge creates a near-complete field view which provides an almost uniform visual focus that reduces eye movement across the screen. You'll work more comfortably with fewer distractions and more productivity.

Gorgeous visuals are only the beginning: You'll be oblivious to distractions. Your 37.5-inch, ultra wide curved monitor has a 21:9 aspect ratio and delivers approximately 25 percent more screen content than a 34-inch. Plus a gorgeous, expansive display with InfinityEdge offers virtually borderless screen.

All-encompassing experience: The curved screen delivers a panoramic viewing experience while integrated 9W speakers bring the quality sound a one-two punch that makes this monitor the ideal canvas for video editing projects.

Consistent color. Incredible detail.

More show than tell: You can expect outstanding detail and consistent color across a wide viewing angle - WQHD+ 3840 x 1600 screen featuring In-Plane Switching technology.

Accurate color, right out of the box: Your monitor comes with 99% sRGB

factory calibration for impressively precise color at Delta-E less than 2.

Easy on the eyes: This TUV-Certified monitor has a flicker-free screen with ComfortView, a feature that filters harmful blue light emissions to optimize eye comfort.

Multitask like a pro.

Now you have the screen space, the tools and the features you need to do everything efficiently.

Get it done: With features like Dell Easy Arrange, you can arrange your projects to best suit your screen space, while Picture-in-Picture (PiP) and Picture-by-picture (PbP) allow you to display content from two PC sources simultaneously.

Masterful manageability: You can display and edit content from two different PCs with a single KVM feature (keyboard, video and mouse).

Convenient connectivity: A single cable solution with a USB Type-C connectivity transmits power, audio and video signals between a laptop and monitor. Connect and charge from a single source while reducing cable clutter.

Peace of mind, guaranteed

A brand you can rely on:

As the No. 1 monitor brand worldwide for 4 consecutive years (2013 to 2016), we take pride in our unyielding commitment to quality and the utmost satisfaction of our customers.

Premium Panel Guarantee:

The Dell Premium Panel Guarantee allows a free panel replacement during the Limited Hardware Warranty, even if only one bright pixel is found.

Advanced Exchange Service:

Your monitor comes with a 3-year Advanced Exchange Service so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty. Upgrade to 24/7 phone support with the optional Dell ProSupport

Reliable and responsible

Designed with the environment in mind, this monitor meets the latest regulatory and environmental standards such as RoHS compliance, China Energy Label (CEL), WEEE, ErP (EuP) Standards, Korea E-Standby.
